4. Pet Beds by Christopher Guy—christopherguy.com

"These pet beds are adorable and swanky at the same time!"

—Paula Grace Halewski, *Paula Grace Designs, Inc.*

5. Decorative Grilles & Screens by Armac Martin

—armacmartin.co.uk through pushpullhardware.com

"Clean lines and lovely finishes, paired with a screened background and custom medallions, convey the British sophistication you might find in a London cigar bar. I love these screens in a butler's pantry or bar with dark-gray cabinets and an antiqued mirror backsplash."

—Kirsten Kaplan, *Haus Interior Design*

6. QS Sardo Side Table by Noir—noirfurniturela.com

"I like small tables that can hold drinks or objects and be moved around easily. With its unique style and Old Hollywood glamour and finishes, this small table completes a room."

—Katalin Farnady, *Farnady Interiors*

7. Latour Chair by Kravet—kravet.com

"I love the lines of this chair. The details of the back make it almost sculptural, but it is also very comfortable. It makes a great dining or accent chair and would also be beautiful at a dressing table."

—Kori Keyser, *ASID, Keyser Interiors, Inc.*

8. Function Boxes by Bulthaup—bulthaup.com/en-us

"These boxes are amazing space-savers for kitchens."

—Joseph Ireland, *JDIreland Interior Architecture + Design*
